### **FIJI HIDEAWAY RESORT AND SPA SET TO RENOVATE**

**DATE RELEASED: MONDAY 1<sup>ST</sup> NOVEMBER 2010**

Renovations are now underway at the Fiji Hideaway Resort and Spa – Fiji’s most idyllic holiday resort, perfectly located on the Coral Coast.

Come December 2010, the renovations and refurbishment of fourteen Deluxe Ocean View Bures will be complete, allowing the resort to cater for its ever increasing visitor population.

General Manager John McFadden says the Fiji Hideaway Resort and Spa offers holidaymakers all the friendliness and fun of Fiji – with all the added indulgences.

“Whether you’re after an exotic escape or an action-packed getaway, our resort is the perfect Fijian holiday destination,” he said.

“We offer an extensive range of accommodation options to suit all guests ranging from romantic and secluded Deluxe Ocean View Bures to family Beachfront Villas all positioned amongst a palm-lined beachfront.

“All together we have 115 Bures - all with front terraces overlooking lush tropical gardens or the beach of the Coral Coast.

“The resort itself is located on a coral lagoon – the ocean is almost quite literally on your doorstep.

“This allows the resort to offer a huge array of exciting activities such as snorkeling, surfing on one of the best surf breaks in Fiji and scuba diving.

“We also offer village tours, traditional culinary experiences in our restaurant, a fully stocked wine cellar, Fijian cooking classes, fire walking ceremonies and traditional Kava ceremonies.

“There are also nightly shows including a full Polynesian dance show, children’s fashion parades and traditional Fijian entertainment.

“Guests are more than welcome to make use of all our free activities such as beach volleyball, tennis, kayaking, full gymnasium and tropical gardens.

“If you’re after a more indulgent experience, we have an on-site day spa with a tranquil reflection pool and unique Lava Rock Sauna,” he said.

Mr McFadden said experiencing true Fijian culture is also just a stone’s throw away.

“Guests are welcome to visit local villages and experience breathtaking natural attractions such as hot springs, ancient caves and tropical rainforests,” he said.

“The Fiji Hideaway Resort and Spa really is perfect for couples, friends and families alike.

“With the new renovations fully underway, we look forward to welcoming more guests to our resort and experiencing the real Fijian culture,” he said.
